Hi Robert,

On behalf of my team I would like to thank you for a tremendous day on the water. Between the sites, the swimming and the BBQ on board, all made for a great Team Building Day. It could not have been better. Everyone got a hands on approach to sailing a 44 foot vessel, even captain at the wheel for a while.

Right from the start breaking them into Sailing Teams made them work together and gave them a purpose for the day. As a Sales Manager I am challenged looking for something everyone will enjoy and this was bang on judging by 100% great feedback I received. I like to think it was partly due to my BBQ skills.

My goal was to thank my Team for exceeding targets and to set the stage for them to work together on bigger projects taking advantage of their synergy. Thanks to your help I know it was **mission accomplished**, as a result I would highly recommend this activity for all types of groups.

Thank you,
Ray
